

Dutchland QuickConnect™ Product Launch Program

Strengthen your supply chain with Dutchland.

Expanding your existing operations or moving production to a new contract manufacturer without interruption is critical to your business's continuity and growth. The Dutchland QuickConnect™ program employs our proven 5-step process to make sure we seamlessly onboard, qualify and deliver your product flawlessly on-time and on-budget.

5-STEP PROCESS

The Dutchland QuickConnect™ program gives you:

- Seamless onboarding and production of your products
- High quality, delivery, cost and speed to market
- Minimal tool downtime, limiting the need for inventory buildup
- Priority access to our primary manufacturing, secondary assembly and 3PL systems
- Consistent, process-driven communications and program management
- Strong, stable and scalable supply chain partner
- Decades of plastics manufacturing expertise
- Structured sales, inventory and operational planning (SIOP)
