

FROM DESIGN TO DELIVERY, YOU CAN TRUST DUTCHLAND TO GET IT DONE

As a leading manufacturer of rotationally molded plastic products, Dutchland is a trusted partner that brings our clients' ideas to life. However, we don't stop there.

From our skilled craftsmen on the production floor at our state-of-the-art manufacturing facilities in Wisconsin and New York, to our engineering and design support, logistics experts and friendly customer service team, Dutchland is truly a one-stop manufacturer.

"Our team put a lot of thought into designing the most comfortable lounge chairs on the market, and Dutchland was able to take those designs and make them a reality."

- Shawn Green, VP of Design and Product Marketing, KI Furniture

By offering services like molded-in graphics and inserts, rigid and flexible foam filling, assembly, packaging and logistics, Dutchland adds value to your products every step of the way.

Working with start-ups to long-established brands, Dutchland has the ability to do whatever it takes to get the job done.
